

## SHADOW® Nitrile Exam, PF, Black, 6 mil

### Key Features

Shadow® Black Nitrile Powder Free Exam Gloves are the preferred choice of brands among law enforcement agencies, correctional facilities, homeland security and fire departments. Their distinct dark black color stands out and projects a tough and "rough" image. The black color also help rapidly identify potentially unsafe light-colored substances.

They can stand up to more rugged and harsh applications in light industrial, manufacturing and packaging jobs. They provide superior puncture, tear and chemical resistance, yet with excellent dexterity. With being 100% rubber latex free it eliminates potential allergic reactions to latex protein.
